I have stamps from twelve countries on four continents. Most of the stamps I purchased at a hobby store for stamp collectors. Some of them are very old and some are new editions. I also like to collect old coins from different countries. But my favorite way to collect stamps is when someone sends me a letter from a country I do not yet have in my collection. I can then take the stamp off the letter and add it to my growing collection.         </p>			<p>           1. – How many stamps does he have?            a.- He has some      b.- He has few            c.- He has a lot      d.- He has not at all         </p> <p>           2.- What does he love ?            a.- countries      b.- stamps            c.- continent      d.- collect         </p> <p>           3.- Does he only have old stamps?            a.- Yes he does      b.- No, he doesn't            c.- he has new ones      d.- He has old ones         </p> <p>           4.- Does he collect bills?            a.- Yes, he does      b.- No, he doesn't            c.- Yes, he collects      d.- No, he collects stamps         </p> <p>           5.- What does he adore?            a.- to collect coins      b.- to collect stamps            c.- to collect bills      d.- to collect letters         </p> <p>           6.- Does he collect worldwide?            a.- Yes, he does      b.- No, he does not            c.- Yes, he collects      d.- No, he doesn't collect         </p> <p> <b>B.- Apareamiento:</b> Aparea las expresiones de la columna A con sus respectivas de la columna B         </p> <table border="0"> <tr> <td style="text-align: center;"><b>A</b></td> <td style="text-align: center;"><b>B</b></td> </tr> <tr> <td>7.- Calorie</td> <td>a.- special emphasis attached to something</td> </tr> <tr> <td>8.- Obese</td> <td>b.- requiring sitting or little activity</td> </tr> <tr> <td>9.- Sedentary</td> <td>c.- excessively fat</td> </tr> <tr> <td>10.- Stress</td> <td>d.- unit of heat defined as the quantity of heat required to raise the temperature of 1 gram of water by 1 degree centigrade at atmospheric pressure</td> </tr> </table>			<b>A</b>	<b>B</b>	7.- Calorie	a.- special emphasis attached to something	8.- Obese	b.- requiring sitting or little activity	9.- Sedentary	c.- excessively fat	10.- Stress	d.- unit of heat defined as the quantity of heat required to raise the temperature of 1 gram of water by 1 degree centigrade at atmospheric pressure

## NOMBRE DEL ESTUDIANTE:

**A.- Comprensión de Lectura: Pegar esta hoja en el cuaderno y traducirla como parte del examen. SOLO USAR DICCIONARIO. NO CELULARES ( ESTO DA ANULACION DEL EXAMEN)**

**Who are they? What have they done? What has happened?**

Linda has just walked outside with Grandmother. She wears an apron. So far, she has finished cleaning and washing. She has also gathered seeds and crumbs.

Now Linda and Grandmother are outside. Linda has just dropped some seeds on the ground to feed the birds. The birds have not come yet.

Recently, Grandmother has moved in with Linda's family. She now enjoys living with them.

Grandmother has already sat down on the bench. She also wears an apron. She has just finished cooking
