Elvis Presley's life

Elvis Presley was on January 8, 1935 in Tupelo, Mississippi. The son of a farmworker, Elvis never took music lessons because his parents were very poor. Elvis, however, was blessed with natural talent. His professional singing career began in 1953 when he started recording for Sun Records, but he didn't become famous until after he made Heartbreak Hotel in January 1956. This record was an immediate sensation and over a million **were sold**. During the next 12 months, Elvis made many more records, such as hound Dog and Blue Suede Shoes, and most of these were also big hits. In the same year, too, he made his first movie, Love Me Tender, in Hollywood.

In 1958, Elvis joined the United States Army and the army gave him a regulation haircut. Thousands of women all over the world cried when they heard! Elvis spent the next two years in Germany, where he met Priscilla Beaulieu and fell in love with her. She was only 14 years old at that time, and they did not get married until 1967. After leaving the army un 1960, Elvis returned to Hollywood, where he made over 20 movies. A lot of these movies were mediocre, but they made Elvis very rich, and he remained a great hero and idol to people all over the world.

However, in 1972 Elvis's luck began to change. His wife left him and in October, 1973, she divorced him. At that point, Elvis began to eat too much and became fat. His performances became worse and he frequently forgot the words of his songs. Elvis died suddenly on August 16, 1977, from a heart attack which was possibly due to the drugs he took to control his appetite. Millions around the world mourned the death of "the King".

Elvis Died about twenty years ago, but his legend continues to grow. Every year a new CD (always a hit!) of his songs appears and there are special programs about him on TV. There is a whole Elvis industry which includes Elvis imitators, Elvis memorabilia and Elvis fan clubs. In 1992, the U.S postal Service issued a 29-cent stamp with a picture of the young Elvis – the first rock "n" roll singer to receive that honor. The stamp was the most popular in the history of the U.S.A. And still every year there are hundreds of articles in newspapers and magazines which insist that Elvis Presley is still alive!
